BPI-Philam Equity Index Fund

Market Commentary

The Philippine Stock Exchange Index (PSEi) surged in September driven by strong foreign flows. The rally emanated from the US Federal Reserve's (The Fed) decision to cut its key overnight borrowing rate by 50 basis points that spurred the appetite for riskier assets. On the local economic front, the Bangko Sentral ng Pilipinas' (BSP) surprise announcement of reducing the reserve requirement ratio (RRR) by 250 basis points to 7% further buoyed the local bourse. The index breached the 7,400 mark until profit-taking took place. By the end of the month, the PSEi settled at 7,272.65 or 5.4% higher month-on-month.

The market's average daily turnover rose by 16% to Php6.57 billion in September from Php5.63 in the prior month. This was supported by net foreign inflow at US\$346 million. This is the biggest monthly inflow for year and has pushed the year-to-date net foreign flow to the positive territory. Top foreign bought stocks were SM (+US\$47.2 million), AC (US\$36.2 million) and ALI (US\$35.3 million).

On a per stock basis, the top three index gainers for the month include: JGS (+18.30%), GTCAP (+16.99%) and URC (+13.96%). Meanwhile, the bottom three performers were: SMC (-9.09%), SCC (-4.13%) and WLCON (-2.66%).
